Comments regarding the **positive** aspects concerning the instructor (optional):

- a lot of effort for solutions provided, valuable feedback on submissions, very helpful and high-quality when answering to questions

- Best TA at UZH in my opinion. Thank you for your effort

- Extremely well prepared, organized and able to highlight connection of material to what we did in lecture vs PSets - TA sessions super helpful

- He gave very extensive explanations and provided extended solutions to the problem sets to address any doubts.

- He was always attentive and helpful. He prepared very long solutions to the problems set that included important information about the subjects as well as step by step solutions which was very helpful in understanding the topics.

- I really like the course despite the expectations I had. Lorenzo did a great work with materials and his TA were very clear and helping to understand beyond the lectures. I'm very satisfied and grateful
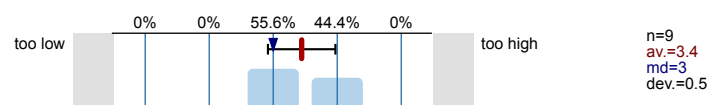

- The material provided.
